Dear Graduates,

It gives me a great pleasure and hour to extend my warmest congratulations to you on your graduation.

Well, you did it. You all accomplished one of the major milestones of your lives: Master and Bachelor level graduation. This is a major step in the journey of your lives. One that should be recognized for its immense significance. You all worked hard to get to this day, and your work did not go to waste.

But graduation is not an end goal in itself, it is instead a part of the larger journey of life. Whether your future takes you, let it take you somewhere. Life is a journey, and all accomplishments you achieved during course should be taken as starting points for further achievements. Your graduation should serve as such launching point, projecting you to wherever your futures are meant to take you, whether you land yourself a career, take up a trade, or continue your education.

You have already shown your commitment to personal growth through making it to this ceremony today. As a said before, life is a journey- you don't stop growing once get your degree. And you don't have to stop there! This graduation has already shown us how capable you all are accomplishing your goals when you commit yourself to them.

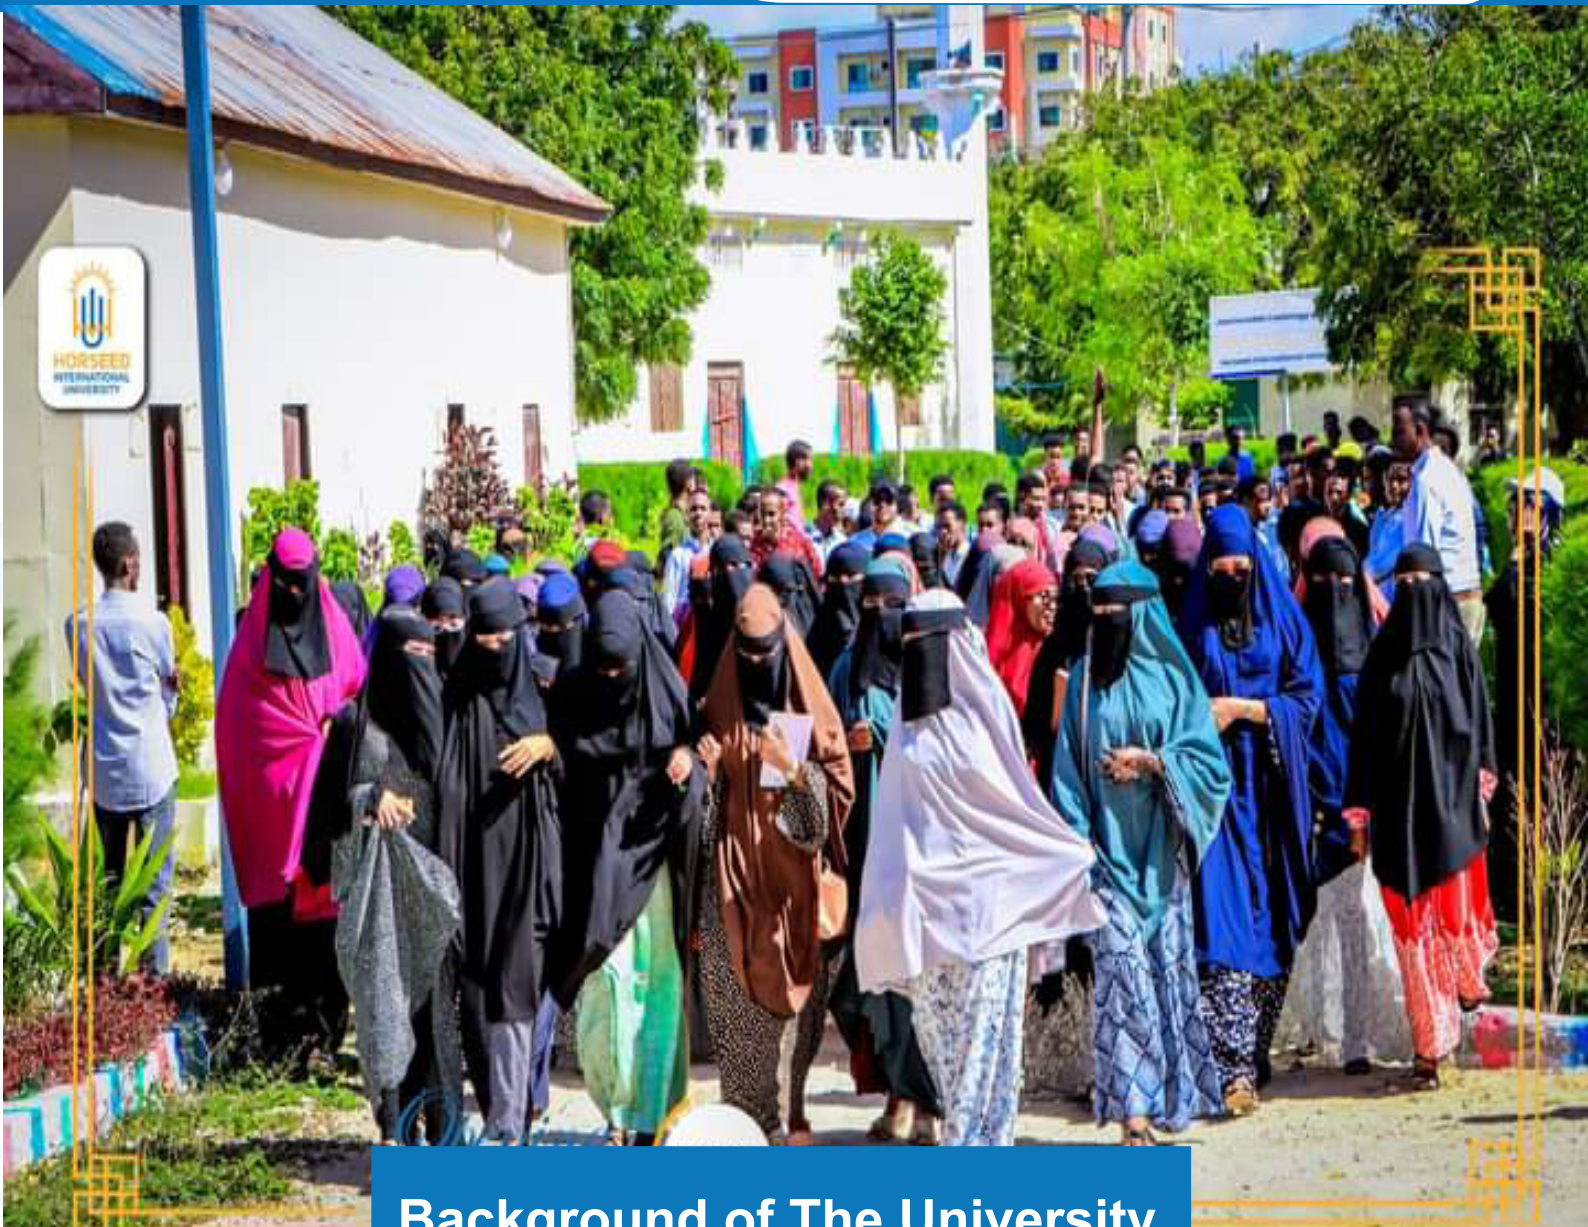

I hope all of you here today can take this personal accomplishment as an example of how anything is truly possible when you put your minds to it as you all continue on in your lives, let you take each new problem on with confidence. Knowing that you have achieved great heights and are equipped with the necessary tools to tackle your future.

Finally, I encourage you to stay connected to HIU as you move forward in your careers and reflect on what you can contribute as a member of this community.

Best regards,

**Dr. Abdikarin Sheikh Mohamed Hassan**

## Dean's Message

To the graduates of the Class of 2022

This is YOUR day. We applaud you, we honor you and we stand with you during this momentous time.

On behalf of the Faculty of Computer Science and Information Technology lecturers and co-workers,

I extend a sincere congratulations and best of luck to the Class of 2022. You have been exceptional representatives of the Faculty and the University. I have no doubt that you will continue to serve as worthy ambassadors for the University by building upon our reputation for excellence.

I believe that graduates of the Faculty of Computer Science and IT are unique in that, regardless of your chosen area of practice, all of you have the opportunity to enrich the lives of those around you. As you embark upon and progress through your careers, I urge you to always remember why you chose your respective field and the sacrifices that you endured in order to make it happen: to serve our communities and improve the quality of life and technology with compassion, honesty and integrity.

I would also like to give special thanks to the parents, spouses, and friends of our graduates for their patience, understanding, sacrifices and support - both moral and financial - during these challenging, but rewarding, years at the University.

Although your guidance, comfort and encouragement certainly will continue to be sought and appreciated in the years to come, you can rejoice in the gradual return to "normalcy" with no more long nights of studying, get-togethers unattended and trips untaken.

Yet, even more so, you can relish the shared feeling of pride in what your graduate has accomplished and the abundant opportunities ahead. In the coming years, I would ask that you not forget your home of studies, former professors, and fellow. but also, by keeping us updated on the many achievements you will experience in your careers and personal lives.

We will always take great pride in your achievements.

**Congratulations again to the graduates of our professional and class of 2022. The entire faculty members Family is very proud of you. Take care and stay in touch,**

**Eng. Ibrahim Farah Hilowle**

Dean, Faculty of Computer Sciences and IT

Dear 2022 Graduates,

On behalf of all the staff of Distance Learning Center, it is my profound pleasure to congratulate you on your academic achievements and persistence through these unprecedented times. Graduation and the ensuing celebrations are a special time. This is a time to commemorate not only your accomplishments with Horseed International University but also your hard work, memories, connections, successes and experiences. We, along with your lecturers and other staff of Distance Learning Center, are incredibly proud of you. Life has caused a real twist in the tale that will cause you never to forget the year you graduated. This is a time for all of us to celebrate and honor your accomplishments. As you move forward into your careers and life-long journeys, remember that your path continues, know that you can accomplish anything, and do great things with the knowledge you have acquired. As management of distance learning center, we are eager to see what the future brings to you and how you and your fellow graduates will continue to improve the world around us. Take care of yourselves and each other and stay healthy.
